Every day is an adventure just waiting to be discovered and explored. We are inspired by the amazing opportunities on the Oregon Coast and we eagerly tackle new challenges each day. No reward comes without risk. We relish the vibrant and ever-changing nature of our businesses.

Niche - What is our unique position in the world?

Extraordinary Coastal Experiences

We get to live and work on the amazing Oregon Coast. We love helping others experience it by doing everything with excellence to create experiences worthy of this place. We want our guests and team members to constantly be “wowed” by their experience here-- to us “fine” is a bad word. Looking at everything we do from the guest’s perspective ensures we meet this challenge.

Core Values

Entrepreneurial Spirit. Is a mindset. It’s an attitude and approach to thinking that actively seeks out opportunity rather than waiting to adapt to change. We are passionate about making things better today than they were yesterday.

Generosity. Be a giver not a taker. It is a readiness to give more of ourselves than is expected. Be generous of spirit—assume good intent in all interactions.

Humility. It’s about all of us--guests, customers, employees, shareholders and communities. Our motivation is creating the best outcome and not letting our individual egos get in the way. We do what is required on any given day and no job is beneath us.

Agility. Able to quickly analyze and take action. Nimble and able to continuously adapt to changing circumstances while always keeping the end goal in mind.

Empathy. Understand the feelings and experiences of others so that you can share their point of view. Look at situations through the eyes of others to understand their challenges and roadblocks. This creates win-win opportunities for our guests, teams, and communities.

Optimism. You can if you think you can. Hopefulness and confidence about the future especially when faced with challenges. It is a way of life and thinking that accentuates the positives. Finding the magic and believing that amazing is possible.

Tenacity. Persistence and determination. Always finding a way to do what you said you were going to do. Blowing through the roadblocks and never giving up. Total success through uncompromising excellence-no excuses.
